Yoga

The word Yoga means 'unity' or 'oneness'. The word yoga is derived from the Sanskrit word Yuj which means 'to join'. This joining is described in spiritual terms as the union of the individual consciousness with the universal consciousness.

In practical level yoga is to integrate body, mind and spirit to unfold our higher potential in life through the practice of asana, pranayama and meditation.

According to Swami Vivekananda Yoga is a means of compressing one's evolution, into a single life, or a few months or even a few hours of one's bodily existence.
