15. Multidisciplinary / interdisciplinary

The chief aim of the institute is to provide the students with a course of instruction that is comprehensive in scope and complete in its several branches, to inspire their minds and build up their character under strict discipline in harmony with the best natural traditions of the past, so as to fulfill the highest national aspirations of the country and to enable them to be self-reliant and undertake their duties and responsibilities as good citizens. The institution has attempted to integrate languages, humanities, and science with STEM over the past years by combining arts, sciences, and commerce faculties. In interdisciplinary courses like Tally ERP9, Communication Skills in English, Political Journalism, Travel and Tourism, the Certificate Programme in Beekeeping, and the Online Certificate Course in C-Language Programming,. Since 2019, keeping with a broad vision of a multidisciplinary/interdisciplinary approach, affiliated universities have introduced the CBCS pattern, which incorporates the choice of opting for multiple courses in the syllabus and acquiring maximum credits. The college envisions creating flexible curricular structures that would enable creative combinations of disciplines for study.

16. Academic bank of credits (ABC):

As per the guidelines of UGC, the Government of Maharashtra, and Savitribai Phule Pune University, Pune, our college follows the credit system (CBCS) from the academic year 2019-20. It has been implemented fully for all the programs. In order to receive a degree under this system, a student from any UG stream must complete 132 required credits from the curriculum in addition to earning 8 extra credits by taking part in extracurricular activities. The affiliated university has made it mandatory for

all the students to register for ABC on October 15, 2022. Many students admitted to entry-level UG programs have already registered with the Academic Bank of Credit.

17.Skill development:

Affiliating Savitribai Phule Pune University, Pune, introduced a choice-based Based Credit System pattern for UG programs in the academic year 2019-2020. Considering the local needs and skills required, the college has framed 02 credit courses, These courses proved very useful in fulfilling the requirements of the student's skill development. Besides the above courses, each department intends to start new skillbased courses. As per the university pattern, first-, second-and third-year students have to earn eight mandatory credits through Skill Development Courses. NSS: The department trains the students rationally to imbibe life skills and social awareness among them. The soft skill development program proved fruitful for the development of our alumni and students.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Teachers are encouraged to create subject material in the regional language and value-added courses run by the institute in the regional language. Teachers are encouraged to write scientific articles in the local newspapers and deliver popular science lectures in the regional languages. The courses will be designed for the promotion and improvement of the Indian language. The college library has subscribed to specialized journals in a few regional Indian languages. Faculty members served to collect and compile local folk songs and traditional literature in the region.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The college provides opportunities for each student to develop skills at their own pace, collaborate with others, collect evidence of learning, & become successful lifelong learners. In line with the educational process, program outcomes (POs), program-specific outcomes (PSOs), & course outcomes (COs) evolve. This helps the student know the outcomes of significance before graduating with the degree. The learning outcomes of the programs & courses are stated clearly in the university curriculum. Our institute offers programs that include undergraduate degree programs. The mechanism for communication of program outcomes (POs), program-specific outcomes (PSOs), and course outcomes (COs) to students is that the respective subject teacher

communicates using various modes, such as digital media, print media, & meetings that are planned at the college and respective departmental level. Program outcomes (POs) are a systematic method for collecting, analyzing, & using the information to answer questions about projects, and programs, particularly about their effectiveness & efficiency. In both the public and private sectors, stakeholders often want to know whether the programs they are funding, implementing, voting for, receiving, or objecting to are producing the intended effect. Program Specific Outcomes (PSOs) are narrow statements that describe what the students are expected to know and would be able to do upon graduation. Program outcomes represent broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the program through a wide range of courses and experiences. Students represent the big picture, describe broad aspects of behavior, & encompass multiple learning experiences. Course outcomes (Cos), also referred to as learning outcomes, are measurable statements that concretely and formally state what students are expected to learn in a course. While goals or objectives can be written more broadly, learning outcomes describe specifically how learners will achieve the goals. Institutional website: POs, PSOs, and COs of all programs offered by the college are displayed on the website

20.Distance education/online education:

The college intends to seek recognition for the implementation of new education policies and facilitate physical, open, and distance learning (ODL) mode programs and courses to meet students' aspirations and market demands. The college started a distance education mode of education by offering a beekeeping course sanctioned by Yashwantrao Chavan Maharashtra Open University, Nashik, from 2018-2019. This course is open to all stakeholders

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

Shri Dhokeshwar College adheres to the curriculum designed and prescribed as it is affiliated with Savitribai Phule Pune University. The IQAC prepares academic plans for the year according to the University calendar. The Central Timetable Committee designs a timetable for all UG programs. It is displayed on the notice board and college website. Faculty members contribute to framing the curriculum through workshops organized by affiliating Savitribai Phule Pune University. Chaired by the department heads, departmental meetings take place at the beginning of each academic year. All teachers receive their allotments, the workload is divided, and the schedule is created during these meetings. After the allotment, each teacher prepares a lesson plan for the lectures allotted to them. These teaching plans are then submitted to the principal for verification and approval and later submitted to the IQAC. Every teacher completes the curriculum as per the teaching plan. Each teacher prepares the syllabus completion report at the end

of the academic year/semester. The examination committee monitors the conduct of continuous internal assessment (CIA) as per the calendar of events. In this way, the examination committee effectively implements the constant monitoring and evaluation process.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The schedule of internal assessment is communicated to the student and faculty at the beginning of the semester through the academic calendar based on the university academic calendar. The faculty strictly follows the continuous internal evaluation (CIE) system framed by the institute. The faculty of the institution explains the CIE mechanism to the students at the commencement of the academic year. The mechanism involves the nature of the question paper, various types of evaluation methods, marking schemes, and practical examination patterns. The timetable of the internal examination is prepared by the college examination committee in consultation with the heads of departments and displayed well in advance on notice boards. Annual pattern (80:20) The 2013 pattern of the evaluation was applied to the B.A., B.Com., and F.Y.B.Sc. programs up to the year 2018-2019, while the SY and TYBSc semester system were prevalent. For the SY&TYBSc 40:10 pattern, an external

evaluation of 40 marks and an internal test of 20 marks for each semester are conducted by the college. For a practical course in the BSc program, the CIE is made by assessment of the journal for 10 marks and oral examination for 5 marks.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The absent students, due to some genuine reason, are provided with the opportunity for supplementary examinations. The internal marks obtained by the students are forwarded to the university. For all first-year degree classes at the UG level, evaluation is carried out at the college level, however, the question papers are provided by the university. Internal and external marks of the elective and practical courses are uploaded online by the examination department. Photocopies of answer sheets are provided to the candidates based on their demands. The revaluation of the answer sheets is carried out by other faculty of the respective subjects.

The CBCS pattern helps to continuously evaluate students' performance at each level through unit tests, home assignments, oral tests, internal tests, quizzes, projects, and co-curricular, and extracurricular activities.

College examination-related Grievances: The entire grievances is sorted out immediately by the college examination committee (CEC) as per the rule and regulations of the University, The grievances related to this are resolved as

1. Students have to approach college CEC.
2. Students have to submit applications to the CEC.
3. Since the examinations were conducted online, students' grievances regarding evaluation were given clarification as per the photocopy answer sheet provided by cross-checking.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Program Outcomes (POs) are a systematic method for collecting, analyzing, & using information to answer questions about projects and programs, particularly about their effectiveness & efficiency. I

Programme Specific Outcomes (PSOs) are narrow statements that describe what the students are expected to know and would be able to do graduation. Program outcomes represent broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the program through a wide range of courses.

Course outcomes (Cos), also referred to as learning outcomes, are measurable statements that concretely and formally state what students are expected to learn a course. Learning outcomes describe specifically how learners will achieve the goals.

1. Institutional website: POs, PSOs and COs of all programs offered by the college are displayed on the website.

2. Personal Counseling: Admission committee members and respective student mentor provide

counseling regarding POs, PSOs and COs of all programs offered by the college which help the

students to choose right program.

3. Outdoor Display: A hard copy of POs, PSOs, and COs of all programs is kept available at respective departments.

Attainment mechanism : Assessment involves the continuous evaluation of each course throughout the semester. Assessment checks the knowledge,

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Attainment mechanism : Assessment involves the continuous evaluation of each course throughout the semester. Assessment checks the knowledge, understanding and consciousness of the students in the respective course. The continuous evaluation gives an opportunity to improve teaching-learning standards. The course outcomes are mapped to the program outcomes, which are used to provide a quantitative measurement of how well the program outcomes were achieved.

Assessment Components: Assessment involves the continuous evaluation of each course throughout the semester. Assessment checks the knowledge, understanding and consciousness of the students in the respective course. The continuous evaluation gives an opportunity to improve teaching-learning standards.

1. **Internal Assessment Exam:** A minimum of two test exams with 10 marks are conducted in a semester. At the end of the semester, the university is considered for the attainment of POs, PSOs, and Cos.

2. **Class Tests:** In every academic year, two class tests are conducted in each semester.

3. **Assignments:** Assignments are conducted as class tests in the classroom and assessed with suitable suggestions.

4. **Practices:** Practical exams are conducted according to the curriculum.

5. **Student Survey:** The survey has been taken from current students, alumni at the end of every year.

Mission: “To ensure the overall development of students through the disciplined teaching-learning process.”

The apex decision-making body at the college is the College Development Committee (CDC). The CDC has representatives from the parent institute, Ahmednagar Jilha Maratha Vidya Prasarak Samaj, Ahmednagar, teacher representatives, senior administrative officers, local representatives, and student nominees. The IQAC does the planning and evaluation for quality assurance in the college and prepares the AQAR. Before the commencement of each academic year, IQAC forms various college committees under the guidance of the principal. Important committees comprise teachers, and many committees include non-teaching staff and students as well. Every committee has the freedom to prepare its plan and decide on implementation strategies. The college committees are responsible for admission, timetables, examinations, purchases, the welfare of students, and the organization of extension activities. College committees prepare the working strategy for the effective organization of the activities.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

1. The college functions within the prescribed guidelines of the Govt. of Maharashtra, UGC, and Savitribai Phule Pune University, Pune. The parent institution, Ahmednagar Jilha Maratha Vidya Prasarak Samaj, Ahmednagar, was established in 1918 with the objective of imparting quality education, especially to the economically and socially weaker sections of society in the district of Ahmednagar. It is a public trust, registered under the Bombay Public Charitable Trust Act, 1953. The appointments of various staff are done as per the UGC, state government, and Savitribai Phule Pune University's rules and regulations. Annual affiliation fees are paid for the permanent and temporary

affiliation courses. The university approval letters have been procured. The procedure for pay fixation is done with the approval of SPPU, Pune, and the Joint Director, Higher Education Office, Pune.

2. The college has formed a development committee as per the provisions made in the Maharashtra Public University Act 2016. Regular meetings are conducted, the reports are presented to the CDC, and the decisions are communicated to the management for further guidance. The expenses related to college development are discussed in the CDC, and the budget for the same is approved. The committee reviews annual expenses, audits, and the work to be done within the specified time. The college has different committees to perform its functions, which enables a decentralized process of administration.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Internal Quality Assurance Cell (IQAC) has significantly contributed to institutionalizing quality assurance strategies and processes. It reviews teaching and learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities.

The Internal Quality Assurance Cell was set up on July 10, 2003, as a NAAC initiative after the completion of the assessment by the NAAC. As a result, this college transcended from a single-faculty institution to a multi-faculty institution. After the second cycle of accreditation in 2016, the entire process of assessment and accreditation gives the institution a bird's-eye view of its growth as well as areas and opportunities for improvement.

1. formation of well-laid-down policies in key areas of functioning which are uploaded to the college website for better dissemination.
2. Planning and submission of academic calendars prior to the commencement of the academic sessions.
3. Formation of committees and meetings to assess syllabus.
4. Result analysis and remedial measures by departments.
5. Organization of conferences, seminars, workshops, and special talks that enhance the quality of education being imparted.
6. Promotion of skill development, short-term courses, students, and faculty research projects.

7. Training Program on E-Learning.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The mandate of IQAC is to develop an all-inclusive quality culture in the college by channeling and synergizing the efforts of all constituent stakeholders of the college and working towards academic excellence and progress.

The faculty members prepared notes, audio, and videos for the student's better understanding and provided valuable feedback to enhance the teaching-learning process. All this prepared material is stored at the library as e-content.

Student feedback was assessed after each activity was assessed in order to plan.

Training of faculty on e-learning platforms encouraged the shift to blended learning and augmenting classroom teaching with e-resources, which helped in the transition to online classes during the lockdown period. IQAC felt the need for an e-content development workshop, which was conducted on July 16, 2022. This workshop on e-content helped in reaching out to rural, hilly, and poor students through social media as the college remained closed during the period.

Addition to the Activity: Some teachers contributed toward this cause and supplied provisions.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The college has expanded in stages as per the rules of the university and the order of the institution. Considering the educational interest of rural students, subjects like Marathi, Hindi, English, History, Geography and finally politics have been specially reserved for the degree under Humanities. Later, since 2008-09 college started subjects like, Chemistry, Physics, Botany and Electronics under Science & Technology. In the year 2014-15, the subject of Cost Accounting was started under Commerce & Management branch.

The college is committed to higher education for rural students and has been fulfilling its role with the following objectives.

- To role of college for rural students and social awareness.
- To role of college in placement opportunity at rural aria.
- To College provide skill orientation to rural students.
- University exam pattern make student through prepared for online education and examination.
- To the students admitted in college then learn theoretical and practical aspects.
- To the admitted students learn skill of communication through different languages.
- To the student personality development of students is achieved by different activities like sports, NCC, NSS, competitive examinations, and Cultural activities.

7.3.2 - Plan of action for the next academic year

The curricular aspect reflects that the college has the potential to facilitate a number of courses to strengthen students learning stakes. The curriculum equips students to meet market demands. However, the college still has the challenge ahead, must resort to new skills, and must prepare itself for the New Education Policy 2020's implementation in the next academic year. So that our stakeholders get the opportunity to choose multiple courses and fulfill their changing demands,. The development of e-content and online courses will be strengthened in the near future to attract next-generation learners.

The college still needs to improve its cultural and extension infrastructure facilities. We plan to set up the studio for e-content development and build sports complexes.

The college has organized a number of activities to help students' overall personality development. It has strengthened students' lives by providing scholarships, and guidance for career and competitive examinations. The student's rate of progression to higher education is 12.1%, which needs to be increased by starting PG programs. Parents of girl students do not allow them to pursue higher education in far-away places. We have planned to collaborate with industry locations nearby for placement opportunities.
